

The Center for Grieving Children

The Center's Wish List

The Center for Grieving Children provides peer grief support groups for children, teens and their families free of charge in our two programs. Our services are provided in our Center-Based locations in East Falls, West Philadelphia, Lower Northeast as well as our Community Based programs in public, private and charter schools in the City of Philadelphia. Children and teens ages 5-18 who participate in our groups have all experienced the death of a parent, sibling or significant family member in their lives. They come to our support groups to meet others who are grieving in a safe and supportive environment where they can express their thoughts and feelings. The adult caregivers are offered their own peer support groups while the children and teen groups meet.

This past program year we provided services to over 375 children in the Philadelphia area through our Center and Community Based Groups. Since our program is free of charge, we rely on the generosity of donors and volunteers.
